

SUPPORT FOR GIFT TAX GAINING; TWO BILLS INTRODUCED

Democrats And Republicans Offer Plans For Tax Reduction Bill.

HOUSE MAJORITY FAVORS GIFT TAX

Sharp Struggle Is Coming Over Repeal Of Tax On Auto Tires.

BULLETIN
The house this afternoon wrote into the tax bill a provision taxing gifts between \$500 and \$10,000 or over at rates ranging from one per cent to 40 per cent. These are the same rates applied by the house to inheritances. The vote on the gift tax provision was 191 to 65.

Washington, Feb. 26.—The Democratic and Republican regulars in the house took a plank away from the insurgents today when each brought out for incorporation in the tax reduction bill a graduated plan for taxing gifts.

The regular Republican plan was presented by Chairman Green, of the ways and means committee. It provided a minimum tax of one per cent on \$10,000, raising the tax on larger amounts until a maximum of 10 per cent was reached on \$6,000 and over. The Democratic plan was offered by Congressman Garner and was higher in maximum.

"We asked others to offer inheritance and gift tax amendments which included original proposals offered by me several weeks ago," commented Congressman Fear, tax leader of the insurgent group. "No pride of authorship occurs over good amendments; the insurgents and Democrats have divided honors in writing into the tax reduction bill many changes and additions."

The insurgents are pressing Leader Longworth to present his compromise plan for income taxes, normal and surtax, which has been urging as a substitute for the Garner plan put into the bill by a combination of Republicans and insurgents. Longworth wants the bill to go from the house as a Republican measure.

Gift Tax Favored
"Republicans, who are more interested in legislation than in partisanship, asked to see Mr. Mellon's mysterious revised 27 1/2 per cent compromise for the original Mellon bill, which it is announced Longworth will introduce," said Fear.

"Percentages mean little until relations to amounts contained in tax brackets are revealed. We ask to examine the brackets, percentages and all parts of the plan to learn just what it means before it is sprung on the house after debate is closed. That is the only fair course to pursue with a great tax bill involving \$200,000,000 in income tax rates."

It is apparent that a large majority in the house favors a gift tax and one will be incorporated in the bill.

With this contest out of the way, the house expects to settle down to consideration of the changes proposed in the excise taxes. A sharp struggle is coming over the proposal to repeal taxes on automobile tires, repair parts and accessories and a reduction from 10 to 5 per cent in the tax on trucks of two tons and less carrying capacity.

The demand for this change has gained strength since the bill was brought before the house.

SCHOOLMASTERS' CLUB WILL MEET

Rohrabough Mails Notices Of Meeting March 11 At E. Liverpool.

C. M. Rohrabough, of the Salem High school, president of the Columbiana County Schoolmasters' club, mailed out programs Tuesday for a meeting of the club Tuesday evening, March 11, at East Liverpool. The program will be preceded by dinner at 6:30 o'clock at the Y. M. C. A.

The music will be in charge of H. F. Laughlin, supervisor of music in the public school of East Liverpool. H. E. Hall of the East Liverpool High school faculty, will give a talk on "The Human Side of the Teacher."

"When is a Test not a Test?" is the subject of a talk to be given by Mrs. Margaret Brainerd of Martin's Ferry, director of research. The third speaker will be W. E. Kerschner of Columbus, secretary of the state teachers retirement system.

This is Ladies' night and the invitation includes High school teachers, supervisors and principals. It is expected a delegation of Salem teachers will attend.

Husband Of Beauty Seeks Annulment

New York, Feb. 26.—Selection of a jury to hear the suit of Beverly D. Harris, former vice president of the National City Bank seeking annulment of his marriage from his wife, Elaine Lee Harris, southern beauty, was begun in supreme court here today.

TWO WOMEN FALL ON ICY STREETS, FRACTURE LIMBS

Two Salem women slipped and fell on ice covered sidewalks about the same time Monday night, both sustaining fractured legs, and were taken to Salem City hospital.

Mrs. Paul Barckhoff on her way to church at 7 p. m. slipped on the ice a short distance from her home on Broadway, and fractured her ankle. Her husband, Dr. Paul Barckhoff, took her to the hospital.

Mrs. Thomas Reese, 102 Washington st., fell on the walk across a street from the Masonic temple, on Kinley ave., fracturing and dislocating her ankle. She was first taken home and then to the City hospital.

Both are reported in favorable condition Tuesday.

FALLEN MILITARY IDOLS FACE TRIAL FOR HIGH TREASON

Ludendorff And Hitler Are Quite Confident Of Being Vindicated.

Munich, Feb. 26.—Two fallen military idols—Gen. Erich Ludendorff, known during the great war as "the brains of the German army," and Adolf Hitler, leader of the Bavarian Fascists—were placed on trial here today charged with high treason for their part in the "beer cellar revolt" last November.

In addition to Ludendorff and Hitler there are eight other defendants. Both Ludendorff and Hitler are confident of vindication. Both love their country with almost fanatical ardor. Both served in the war, Ludendorff as chief of staff to Hindenburg and quartermaster general of the German army; Hitler as a simple soldier in the ranks. Yet both are charged with high treason the penalty for which is death.

The attitude of both is that of accuser rather than defendant. Both hope to turn the tables upon those whom they accuse of "double crossing" them in the famous Fascist uprising of less than 12 hours duration.

A bright springlike sun accentuated the glistering armor of this historic old town which is the center of militaristic reaction ever since Prussia turned Socialist.

The whole city bristles with uniforms and weapons. The police and reichswehr are upon war footing. Promptly at daylight a corps of trusted court clerks started honeycombing the War Academy building—it is not used as a war academy any more—for hidden explosives. The search in the great dining hall the seat of the trial, was especially rigid.

Overshadowing everything else here is fear that some plot might interrupt the trial. All persons wishing to enter the trial room were first taken into an ante-chamber where they are thoroughly searched for weapons.

MANY WILL HEAR FILSON RECITAL TUESDAY NIGHT

A large house will greet J. William Filson, noted Salem baritone, at his recital Tuesday night in the High school auditorium. Mr. Filson, who is accompanied by Mary Virginia Patterson, New Castle, Pa., pianiste, in a concert starting at 8:15 p. m.

George Kooz of the American Legion, under whose auspices the concert will be given, is in charge of the ticket sale and reports that a big crowd is assured.

There are still tickets available, and no seats are reserved.

Salem Girl Scouts Buy Bricks To Help Build Headquarters

The national organization of Girl Scouts is building a new headquarters in New York city, and Girl Scouts over the country are being asked to purchase a brick, which costs 10 cents.

All the members of Troop 2, captained by Miss Nellie Carter, have bought a brick. It is said this is the first troop in the city to respond to this appeal.

A meeting of the troop will be held Tuesday evening at Miss Carter's home, East High st.

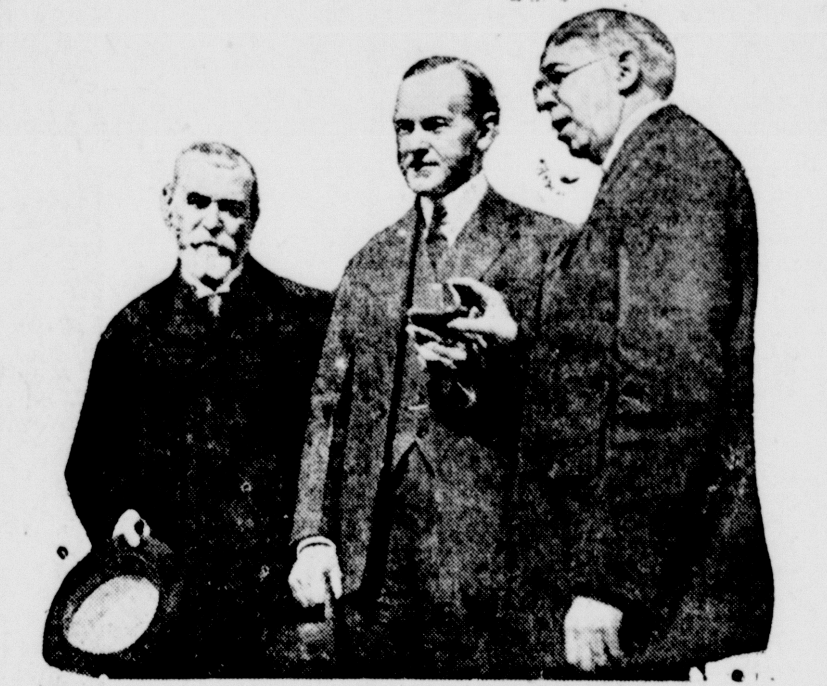

Eagles Celebrate 21st Anniversary

Celebrating the 21st anniversary of the organization of Quaker City aerie No. 216, F. O. E., a dinner and dance was held Monday evening at the hall, Main st.

The dinner was served at tables decorated with bouquets of flowers, and following it Herbert Peasey, gave a talk relating to the aerie.

More than 100 people enjoyed dancing to music supplied by the Finley Melody band.

Government Issues Huguenot Coins

M. Jusserand, French Ambassador, Rev. Charles MacFarland, general secretary of the Federal Council of Churches of New York, presented to President Calvin Coolidge the first of the 100,000 Huguenot half dollars struck off by the United States mint to commemorate the tercentenary of the founding of New York and the coming of the Huguenots to America.

In the presence of French Ambassador Jusserand, Rev. Charles MacFarland, general secretary of the Federal Council of Churches of New York, presented to President Calvin Coolidge the first of the 100,000 Huguenot half dollars struck off by the United States mint to commemorate the tercentenary of the founding of New York and the coming of the Huguenots to America.

Truth Serum Lifts Itself From Experimental Stages; Many Cities Seeking Tests

Birmingham, Ala., Feb. 25.—"Truth serum," has lifted itself from the ranks of experiments and in three or four years will be used in the solution of crimes, it was predicted today by Solicitor James G. Davis, who has taken the lead in solving Birmingham's series of brutal and puzzling murders by the "truth serum" method.

Since the announcement that scopolamin has led to the probable solution of the killing of 25 men, women and children here in the last three years, Davis said scores of inquiries have come from police throughout the country asking information about the drug and its application to persons suspected of crime.

Many Seek Tests
"Some requests have come from cities in adjoining states requesting that we go there and put prisoners to the 'truth serum' tests," he said.

"What is truth serum?" It is a combination of scopolamin and morphine—a mixture of the same ingredients as used in the twilight sleep method of childbirth. It is given either hypodermically as anti-typhoid vaccine, or in capsule form.

The subject falls into a heavy sleep. To any question he will answer the truth, it is claimed, because the drug has killed his will temporarily and deprived him of the power to lie.

Dr. A. A. Goldberg, the fictitious name of the prominent Birmingham physician who has administered

JOHNSON BOASTS HE'LL CARRY OHIO

John Fackler Designated As Second Choice To Californian.

Cleveland, Feb. 26.—Simultaneously with the completion of a complete list of delegates and alternates to be voted upon at the presidential primaries in Ohio April 23, Senator Hiram W. Johnson, stopping for a few minutes in Cleveland, today predicted absolutely that he would carry Ohio against President Coolidge.

"I don't fear to run a slate of delegates to the convention from Ohio," Senator Johnson said.

"I challenge President Coolidge to run a similar ticket. We have enough cards signed in this state, enough of an interlocking organization to insure absolutely carrying the Ohio delegation."

John D. Fackler of Cleveland, was today designated as the "second choice" candidate of the supporter of Johnson in the Ohio presidential primaries.

Fackler, long known throughout the state as a Progressive, acted as Ohio manager of Senator Robert V. La Follette in the 1922 campaign.

Practically a complete slate of delegates and alternates to be voted for in the interest of Senator Johnson in the Ohio presidential primaries April 23, was announced by Johnson here today.

Heading the list are H. H. Timke of Stark county; John D. Fackler of Franklin county; George C. Bender, Cuyahoga county; Gerry Cartwright, Franklin county; I. G. Mathews, Mahoning county and Joseph B. Kelley of Hamilton and the candidates for delegations at large.

Eighteenth district—Howard L. Wickersham and Charles Brown, delegates; Harry M. Gabriel, alternate.

House Appropriates Millions For Relief
Washington, Feb. 26.—A bill introduced by Representative Fish, Republican of New York, to appropriate \$10,000,000 to buy food for the starving women and children of Germany was approved today by the house foreign affairs committee.

DAUGHERTY PLANS TO RETIRE AFTER HE IS VINDICATED

Attorney General Prepares His Defense Against Wheeler Charges.

BELIEVES HE WILL DISPROVE CHARGES

Then He'll Resign To Save Party From Political Embarrassment.

Washington, Feb. 26.—Att'y Gen. Harry M. Daugherty expects to resign from the cabinet as soon as he has made his defense to the charges against him in the senate—if events do not force his retirement before that time.

This is the understanding that prevailed today among the attorney general's friends and confidants.

He personally believes he can disprove every charge made by Senator Burton K. Wheeler, Democrat of Montana.

He believes he can prove all to be of political origin, strongly convinced of this, and confident that President Coolidge is back of him, at least to the extent of not requesting his resignation, until he has had his day in court, the attorney general has begun the preparation of his defense.

There is reason to believe that this plan of Daugherty's has been discussed with President Coolidge and that it has his sanction, although the White House has been careful to serve almost complete silence as to the attorney general's status.

The Wheeler resolution proposing a senatorial investigation into Daugherty's conduct of the department of justice likely will be passed by the senate late today, after some debate. The attorney general has advised his friends in the senate to vote for it and assured them that the department of justice "never was in better shape to stand an investigation" than right now.

"Don't embarrass yourself by opposing it," he has instructed his friends.

May Retire Soon
"As long as the attorney general will remain in the cabinet depends, it was said today, upon length of the investigation of his conduct. If the investigation is speedy Daugherty may retire in 30 days."

In any event it is expected that he will retire before the campaign gets under way, for being an experienced politician himself, Daugherty realizes that his continuance in the cabinet during the campaign which charges against him are proved or disproved—would provide the Democrats with additional ammunition to assault the Republican administration.

To that extent at least, he is willing to sacrifice himself for the Republican party.

Since the death of President Harding, Daugherty has always regarded his cabinet tenure of uncertain duration. He was among the first of Harding cabinet to tender his resignation to President Coolidge, because his relations with Harding, were more personal than any of his cabinet colleagues, but he remained at President Coolidge's request.

"It goes against the grain, Daugherty has advised his friends, to resign under fire when such an act, he believes, would be interpreted by the country as confirmation of the charges against him.

Daugherty replies to his critics and a national committee has had the effect of drawing considerable support to the Daugherty banner. Members of the national committee from all over the country have sent in telegrams of support, which are now on President Coolidge's desk.

Ohio Bell Preferred Dividends Declared

Cleveland, Feb. 26.—The regular quarterly dividend of \$1.75 per share on the preferred stock of the Ohio Bell Telephone company, payable April 1 to stockholders of record March 20, was declared by the directors here today.

No dividend was declared on the \$25,000,000 of common stock, as earnings were insufficient to warrant such action, President Chas. P. Cooper, declared.

Green's Colleague Seeks Investigation

Washington, Feb. 26.—An investigation by the senate of the shooting of Frank L. Greene, Republican of Vermont, who was wounded during a pistol battle between bootleggers and prohibition agents was proposed this afternoon by his colleague, Senator Dale, Republican of Vermont.

365-1=366 Your Gain?

Tomorrow You Will Know All About It

M. S. Schnell, residing north of Salem, who was held to the grand jury on a charge of obtaining a note for \$848 under false pretenses, was found not guilty in common pleas court at Youngstown Monday. Judge Anderson ordered the jury to return a verdict of not guilty.

Schnell claims that Albert G. Dorner, one of the prosecuting witnesses, owes him the amount of the note and that under the verdict Dorner must pay.

CLEAR AWAY RUINS OF FIRE; WALLS BULGE

Dougherty Status Is Unchanged

Washington, Feb. 26.—The status of Attorney General Harry M. Daugherty remained unchanged after today's cabinet meeting.

In view of the rumors that the cabinet was to be consulted about the attorney general's fate, the White House officially announced that there was no mention of the Daugherty case at today's meeting.

Further than that President Coolidge has no comment to make, it was said.

COURT HEARS CASE AGAINST FERREN, RESERVES DECISION

Drys' Attorneys And State Lawyer Argue Case That Concerns Fee Keeping.

Attorney Charles M. Gearhart, Columbus, counsel for the Anti-Saloon League of Ohio, together with Attorney J. L. Hilton, of Canton, argued before Judge J. C. Moore in common pleas court in Lisbon Tuesday morning in the case of the city of East Palestine through L. M. Kyes, city solicitor, against Mayor Ferren, East Palestine, wherein the state examiners have set up the claim that costs in certain liquor cases, heard by Mayor Ferren and now retained by him, should be returned to the municipality.

Attorney A. H. Witks, of Columbus, representing Attorney General Crabbe was the state's attorney. The contention of the state is that under the city ordinance of East Palestine all fees collected by the mayor are due to the municipality whether by city ordinance or state law.

At the conclusion of the argument, Judge Moore reserved the decision. The court held the case under advisement.

LEGION ADDS 18 MEMBERS TO POST

Charles H. Carey post, American Legion, secured 18 new members in the drive that just closed, according to the announcement made by Post Commander James Ballard at the meeting of the post Monday night.

In addition to the 18 new members all old members paid their dues and secured the promises of about 25 other ex-service men that they would join in the near future.

The entire post went on record to aid the stricken Allen Reynolds post V. F. W., that was burned out in the fire Saturday night, and the post signed a resolution asking the Veterans of Foreign Wars to use their club rooms until the veterans could get new club rooms.

FOUR HURT WHEN SLED HITS BRIDGE

East Palestine, Feb. 26.—Four persons were injured in a coasting accident here Monday evening. The sled on which five boys and girls were riding was coasting down Beacon Heights hill and dashed into the bridge which is at the foot of the hill.

Dorvan Woods, who was guiding the sled, had his left hip cut, requiring eight stitches to be made. James McCreedy had his right arm broken above the wrist, while Miss Ruth Bacon had her knee cap injured, and Dorothy Bacon had her ankle sprained. Evelyn Bacon was also on the sled but escaped injury.

FLAMES DAMAGE SEBRING TEMPLE

Fire In Masonic Building Tuesday Causes Loss Of About \$700.

Fire of undetermined origin that for a time threatened to destroy the entire structure, damaged the new Masonic temple in Sebring at 19 a. m. Tuesday. The damage is estimated at \$700.

The Sebring fire chief stated that the kitchen in the rear of the second the flames were first discovered in floor and burned the entire interior of the rear portion of the second floor water slightly damaging the first floor.

Volunteers carried most of the furniture and effects out of the building as it looked at first as though the edifice would be consumed by the flames.

Improvement Plans

Cleveland, Feb. 26.—Plans for the expenditure of \$15,000,000 for city improvements during 1924 have been submitted to council by city manager, Wm. R. Hopkins.

Front Wall Unsafe, Fence Is Built Around It On Broadway.

MEAT TAKEN FROM FLUCKICKER STORE

Doors Locked To Prevent Thieves From Looting Damaged Stores.

With the front walls bulging and closed up by fire, inspectors, owners of the two buildings on Broadway burned out by fire Saturday night, had gangs of workmen busy all day Monday, and they will continue to clear away part of the ruins, preparatory to tearing down the blocks, completely, with probable rebuilding of the Speidel building, and assured rebuilding of the Moll block.

Assistant State Fire Marshal D. J. Conners, Youngstown, did not make an official investigation, although he came here for a short time to view the disaster.

Fire Chief Vincent Malloy and Inspector Telford made a thorough examination of the ruins Monday, but issued no official statement regarding the fire which caused an approximate loss of \$160,000 to several stores, houses and dwelling apartments.

The cause of the fire probably never will be known. Reports as to its origin are conflicting, and as no one saw the fire as it actually got started, and the building in which it started is now a total loss, the real cause will never be known.

It is understood that only part of the stock of William W. Fluckiger meat market was ruined, but that all other store rooms in the two buildings are a loss.

The J. A. Schwartz department store, adjoining the Speidel block, will be closed for a time until the store can be cleared of all damaged goods.

Workmen Monday on orders from Safety Director C. W. Zimmerman, constructed a board fence around the ruins, extending almost to the Y. & O. tracks. The front wall is unsafe, and for that reason no one who is not a workman is allowed near the buildings.

Speidel Safe Intact
The site of the fire is still the mecca for hundreds of Salemites, and out of town visitors. Spectators watched the work in the ruins all day and evening Monday, and Tuesday. Due to the fact that incorrect reports went out of Salem Saturday night that the entire city was in danger, hundreds of out of town people have made special trips here to see what damage the fire caused.

Although it was the center of the fire, the Speidel store was able to save its heavy safe from damage. It was found Monday under a heap of ruins, its contents of records intact, the strong box resisting all efforts of the hot tongues of flame to break it open.

Several hundred pairs of water-soaked and partly-burned shoes are all that is left in the three story Speidel building. The shoes represent all that is left of the large shoe store, while a few things here and there, burned to a crisp or damaged, are all the worldly effects of the organizations and offices on the second and third floors.

Thieves, taking advantage of the open doors in the Fluckiger meat shop Monday took several hams and other meat and made a get-away unseen. The meat shop, Moore confectionery, and Schwartz store are locked now and guarded to keep out petty thieves who took advantage of the misfortune that befell the store keepers.

City firemen, tired and worn with many hours of hard work in fighting the fire and then cleaning their equipment and getting it in perfect shape again, were today still drying out hose, and tuning up the engines of the pumps that acted perfectly in the hour of need, thanks to the care of the machines by the firemen.

Your Tax Report

DON'T neglect or delay that income tax return.

You may not have any tax to pay, but if you are single and have an income of \$1,000 or over, or married and received during 1923 the sum of \$2,000 or over, it is incumbent on you to make a return.

March 15 is the last day, but the longer the matter is deferred the greater will be the congestion and last minute jam at the tax offices.

In general, the conditions are the same as those prevailing last year, hence the duty should be easy to those who have made previous returns. Where there is any doubt, however, as to the necessity for making a return, much trouble can be saved both officials and individuals if the latter will call one of the tax offices and state their circumstances, when they will be advised what course to pursue.

Remember, March 15—which is very close at hand—is the last day.

Your Town

I AM Salem. If the stranger within my gates looks upon me as I please to his eye, and if I am such a sight that having seen me, he will remember me all his days as a thing of charm, the credit is yours.

Some of my children are called to high tasks and mighty privileges by opportunity and ambition, to my good repute and to my great honor in far places, but my strength is not chiefly in these. In those who remain, who are content with what I can offer them and with what they can offer me is my power.

It was Napoleon who said, "I would rather be first in a little Brittany village than second in Paris."

Wood, brick and stone—I am more than that; even more than flesh and blood—I am the composite soul of all who call me Home. As clearly as the pool throws back the reflection of the rising sun, I shall reflect you—unlike of me what you will.

I am your town—Salem.

What Tut May Think

THE wrangle between the Egyptian government and Howard Carter over the work at the tomb of Tut-ankh-Amen is unfortunate. It delays the last act in the drama, the revelation of the body of the ancient king. This is trying to an impatient public, but possibly not to Tut himself. He has waited thirty centuries to know again the sunlight; he can wait a little longer.

That, however, may not be the principal thought of the Pharaoh, if mummies think. He may be pondering on the fact that a lawsuit, perhaps long and expensive, has been started to decide the disposition of himself and his treasures. Hitherto he had been spared what befalls so many modern rich men after death.

"Think," we can hear the royal shade saying to itself, "of dodging the lawyers for three thousand years and then having them turn up to divide my estate."

Shall They Be Forgotten?

CONGRESS should not forget to fulfill its duty with reference to the Veterans' Bureau. It is the duty of congress to proceed in this matter without delay. Safeguarding and improving the training and treatment of these men is of higher importance than are any problems related to material prosperity. Medical attention, effective training, universal sympathy and adequate care should be the portion of the men who fought over seas. We never can do enough for them. It is not the part of wisdom and it would not contribute to their best interests nor to the interests of the nation that they should have the bonus, but they are entitled to have, and should have, the benefit of such revision of the laws as will assure to them all possible opportunities and comforts.

Perhaps some of us will live long enough to see the erection of a new county jail.

Artistic temperament: A small portion of genius with the swelled-head.

20 YEARS AGO

(Issue of Feb. 26, 1904.)

ATTY. A. C. McNab, this city, is quite ill of grip at his home, having suffered a relapse.

Gen. Charles Dick is the unanimous choice to succeed the late Senator M. A. Hanna.

It is asserted that Chicago has more than 25 saloons for every church in its bounds. In Salem there are 16 churches and 21 saloons.

The private car used by President Lincoln during the Civil war, and which carried his body to Springfield for burial, has been loaned to the St. Louis exposition in the Lincoln magazine by the Union Pacific railroad.

The big canal is about twenty-five feet deep, and it will take about 10 years to complete it. When completed it will be a boon to the civilized world and a monument to American enterprise and progress.

Chris A. Beck, ex-deputy sheriff, has bought a farm, north of Lisbon, and will occupy it about April 1.

Jonathan S. Townsend is a candidate for the nomination for township trustee at the Republican primaries.

Mr. Townsend is of the firm of Chaffant, Day & Townsend.

The Sons of Temperance will meet this evening and initiate several new members. The hall in which the meetings are held will hereafter be known as the Sons of Temperance hall, instead of Harmony hall.

Jacob Shoo, Vine st., celebrated his 74th birthday anniversary yesterday.

He is the father of Emory Shoo, member of the board of public safety.

G. M. Fink has moved his shoe store from 11 Broadway to the next door in the same block.

Mr. and Mrs. Lawrence Salsgiver have returned from Pittsburgh where they spent a short honeymoon.

Material's in Straw Hats

In the United States straw hats are made from brand that is chiefly imported from Italy, China and Japan, says the Detroit News. Of the various materials which go into the manufacture of plaited hats the most important is wheat straw. The straw must have a length of "pipe" between the knots and must possess a clear, delicate golden color and must not be brittle. The most valuable straw is from Tuscany, and from the Tuscan plants the leghorn hats are made. Many substances besides straw are used in braids for hats and bonnets. Among these may be noticed willow and cane, as well as palm.

The famous panama hats are made from the leaves of the screw pine.

Nearly Killed by Bats

Attacked by what he declares was a swarm of a thousand bats, Joseph Morasky, Southern Pacific station agent at Inlay, relates a weird story of a recent trip he made through a cave in a mountain six miles east of Inlay. Morasky says he lowered himself into the mouth of the cave, and after proceeding through a natural tunnel and down an incline for about 200 feet came into a large chamber. This chamber was the home of the bats, and he says they began an infuriated attack upon him, and declares that he owes his life to the fact that he wore a very heavy cap, coat and gloves. His clothes were badly torn when he finally emerged from the cave.—Reno News in Sacramento Bee.

Almost a Yard.

A farmer had several hens stolen, so he decided to buy a dog. He sent his man to town and told him to get a good yard dog.

Soon the man returned, escorting a duckhound.

"What do you call that thing?" gasped the farmer.

"Well," replied the man, "it's the nearest I could get to a yard; it's two feet across in the back."

TRY THE SALEM NEWS

Reporter Who Stirred Up International Storm

Harold Spender

Above is pictured Harold Spender, British journalist, whose report of an interview with ex-Premier David Lloyd George regarding an alleged "secret pact" between the late President Wilson and ex-Premier Georges Clemenceau (published just before the death of Mr. Wilson), caused international cables to sizzle with official and unofficial explanations.

Daylight Saving Is Not Popular in Italy

Daylight saving is unpopular in Italy because of the name the government ascribed to it. At least that is former Premier Nitti's laughing explanation. The new time was called the "legal hour."

With the advent of spring, says Mr. Kenneth L. Roberts in Europe's Morning After, the Italian government ordered that all clocks be set back an hour so that the people might have the advantage of an extra hour of daylight. But in Italy, as in other countries, a large number of people didn't like the arrangement, and so they made a frightful uproar and organized strikes against the "legal hour."

The street railway employees, for example, were striking; I asked one of them his reasons.

"The new hour," said he, "makes it necessary for us to get up too early in the morning. Everything is foggy and dark."

I reminded him that the new hour saved coal for the nation and gave him an extra hour of daylight when his work was done.

"Yes," he said, "but it is too foggy and dark when we get up."

"Our mistake," declared Nitti, "was in calling it 'the legal hour.' We should have known that no true Italian would have endured it. We should have called it the 'illegal hour.' Then every Italian would have been unambiguously in favor of it."

FALSE CHARGES WILL NOT FORCE DAUGHERTY OUT

Washington, Feb. 26—The decision of the National Republican organization to stand squarely behind ATTY. Gen. Harry M. Daugherty was reaffirmed to President Coolidge today by John J. Adams, chairman of the Republican National committee, who called at the White House.

"If we allow men to be forced out of office by mere accusations, blackmail and blackguardism will become the most popular occupation of the country," said Adams after conferring with Coolidge.

"There would be no talk of ATTY. Gen. Daugherty resigning at the present time were it not for the ridiculous charges of that haphazard, Senator Wheeler of Montana."

Women Need Swamp-Root

Thousands of women have kidney and bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.

PANAMA CANAL AT MERCY OF ENEMY

RECENT WAR GAME PROVED THE DEFENSES OF THE ZONE ARE PRACTICALLY WORTHLESS.

BY EDWARD B. CLARK

Washington.—The "battle" in the Panama Canal zone is over. It was a "fight" between two sections of the armed services of the United States, one in attack and the other in defense of the waterway. The desire was to find out whether the zone was as well defended as it was supposed to be, and whether it was prepared for defense against any great power with which the United States might become involved in hostilities.

The umpires of the conflict have decided that the Panama canal is completely at the mercy of any big nation that might look at it with possessive eyes in its eyes and undertake to seize it in case hostilities with the United States should develop. It is declared by the armed service authorities of the country that unless the American people are willing to spend about \$15,000,000 for defense purposes and to appropriate each year a like sum for personnel to man the canal, the canal will remain open to the seizure of the first great power which attacks.

Apparently congress does not want to appropriate money for anything except those things actually necessary to run the government on a peace and non-defensive basis. Unquestionably the congressmen have been influenced by the pacifist propaganda which has insisted that there never will be any more war in the world, an insistence which history shows has been in evidence before the Israelites fought the Philistines.

It was not quite 11 years ago that the Panama canal was opened to navigation, October, 1913, to be exact. At that time there was a belief that full preparation for its defense in time of war had been made, but so rapid has been the advance in the efficiency of the material that the defense schemes of 1913 are today virtually obsolete.

Cheap at the Price. It has been intimated to congress that \$15,000,000 to save the canal from capture is not a huge sum of money to spend, for if the control of the waterway in time of war should fall to another nation the sea forces of the United States virtually would be incapable of offensive action. In brief, it has been suggested that congress well might appropriate the \$15,000,000 in order to save the probable loss of a billion or two in the future.

One of the judges of the plans submitted in response to the offer of Edward W. Bok for a program of lasting peace for the world was Maj. Gen. J. G. Harbord.

General Harbord has been known not only as a soldier but as a peace lover. The chances are that his selection as one of the Bok jury of award was influenced by the fact that he is known to be a student of conditions which might make for peace in the world. The other night at Lowell, Mass., General Harbord spoke on the general subject of peace, although his address was given the somewhat sharp title of "Penalties of Pacifism."

He said in part: "The definite plans and propositions of American pacifists fall into three general groups. First it is urged that wars will arise from the mere existence in our country of military organizations. A second group comprises arguments that law has come into the world to supplant war as a means of settling international disputes. In a third category we find advocacy of disarmament by example, based upon the condition that if we should disarm and proclaim our high moral stand, the other nations would be shamed into a peaceful attitude and would disarm in turn, thus doing away with all possibility of future war.

Penalties of Lack of Training. "Numbers of our casualties in France were due to the incomplete training. General Harbord has told of a regiment which received replacements shortly before a two days' engagement, adding 400 men to its roll of 3,200; and 81 per cent of its killed and wounded were found to have been from those 400 inexperienced replacements. Another regiment came out of the Argonne with 50 per cent casualties, filled up with replacements, and went into the Lys battle in Flanders, where the casualties among the new replacements were just double those among the men of longer service."

General Harbord in his address told some interesting things about the examination of the 22,000 peace plans which were submitted in the Bok prize contest. He said that about 4,000 of the plans dealt with entrance into the League of Nations in one form or another; but over 3,200 contestants rested their hopes on conference of some kind, and that 3,000 were concerned with confidence that peace would come through some form of world court, while a thousand others were of the belief that the Golden Rule or a fixed day for prayer would bring the desired result.

In commenting on one phase of the contest the general said that the majority of the greater part of the remainder of the plans is shown by the fact that the suggestions ranged from a "world congress of musicians, through religious, scientific research, to mobilization of the girl scouts." He said that several of the planners submitted birth control as a plan which would bring lasting peace.

DOHENY BRANDS OIL LEASE QUIZ AS "POLITICAL"

New York, Feb. 26.—E. L. Doheny, central figure in the oil lease investigation in Washington, today branded the whole affair as "political."

He accused the Democratic party of "playing cheap politics at the expense of good men's characters and declared Senator Walsh, Democratic leader of the senate investigation, has presidential aspirations.

Sensors demanding the retirement of Atty. Gen. Harry M. Daugherty were bitterly denounced by the oil magnate who described them as "character assassins and men with chocolate éclair spines."

Senator Borah, Republican, and Senator Wheeler, Democrat, chief critics of the attorney general, were also assailed by Doheny.

"Wheeler lied when he said Daugherty was a friend of mine," Doheny declared. "Four years ago Borah said I contributed \$50,000 to Maj. Gen. Leonard Wood's campaign fund. I asked him to correct his statement. He never did it. He stands convicted of lying."

Doheny declared Secretary of the Navy Denby's resignation was forced in "the hue and cry" and he expressed the belief that President Coolidge would not allow Atty. Gen. Daugherty to be ousted from his position.

He said there is no oil scandal—no one has been corrupted.

100,000 PEOPLE PRAISE TANLAC FOR ITS MERIT

World's Greatest Tonic Is Endorsed By People Grateful For The Relief It Has Given Them.

Actuated by a deep sense of gratitude and desire to help their suffering neighbors, more than 100,000 well-known men and women have offered their personal experiences as proof of the wonderful health giving powers of TANLAC, the World's Greatest Tonic.

Throughout each and everyone of this long list of testimonials rings the spirit of earnest sincerity which characterizes the following excerpts: "Mrs. D. J. Pritchard, Cleveland, O.: 'People waiting to know what TANLAC will do may communicate with me. It increased my weight 32 lbs. and brought me the very help I longed for.'

J. H. Taylor, Memphis, Tenn.: 'To me TANLAC was just like a good friend—gave me help when I needed help most.'

Mrs. Mary Schumaker, Racine, Wis.: 'Every year as the change of seasons a course of TANLAC makes me eat with a relish, restores my strength and leaves me in splendid health.'

Judge George P. Wagner, police magistrate, Belleville, Ill.: 'That I am enjoying such fine health now I can attribute only to the help I received from TANLAC.'

"Mrs. C. K. Sellers, Springfield, Mo.: 'Since taking TANLAC I enjoy the blessing of perfect health and have the complexion of a school girl.'

V. E. Ferry, aged 73, Seattle, Wash.: 'TANLAC built my weight up 21 lbs., rid me of 15 years stomach trouble and left me feeling many years younger.'

TANLAC IS FOR SALE BY ALL GOOD DRUGGISTS. ACCEPT NO SUBSTITUTE. OVER 40 MILLION BOTTLES SOLD.

Every School Pupil Being Required To Study Constitution

In every school under the jurisdiction of County Superintendent of Schools H. C. Leonard, children are making a study of the constitution of the United States.

This is but following out a law passed at the last session of the state legislature, which provides that it shall be the duty of the board of education of each school district to provide for the study of the United States constitution and the constitution of Ohio, either in the seventh or eighth grades, for a period of equivalent to one recitation period each week for the full school year.

After Sept. 1, 1924, no person will be admitted without condition to any high school, graduated from any normal school, or certificate to teach within the state whose credentials do not show that the provisions of this section have been complied with, or otherwise prove the possession of adequate knowledge of such subjects.

The director of education has prepared a pamphlet in accordance with this section, 5,000 copies having been distributed.

Fall's Counsel Says It's "Rotten Trick"

Philadelphia, Feb. 26.—William A. Gasow, Jr., prominent local attorney whose name came up in today's hearing before the senate public lands committee of the naval oil leasing scandal, acknowledged that he had been appointed by Fall at Palm Beach, Fla., to act as his counsel and at the same time called it a "rotten trick" to drag his name into the case.

TWO MEN ON TRIAL ON KILLING CHARGE

Juries Selected To Hear Case Against Bakery Driver's Slayers.

Cleveland, Feb. 26.—Completion of separate juries to hear the evidence in the cases of Bryan Keenan and Ferdinand Michitsch, indicted for first degree murder in connection with the killing of John Rau, bakery driver, on Christmas eve, was expected during the day.

Keenan is being tried before Judge Walter McMahon, while Michitsch is before Judge Dan B. Cull.

When court convened eleven jurors had been tentatively seated in each case, and attorneys on both sides and in both cases predicted that it would be completed and sworn in during the day.

Keenan and Michitsch were captured in a gun battle with police a few weeks ago following a tip given by a woman who recognized one of the men from a newspaper picture as a wanted criminal. A pal, said to have been the man who fired the shot which killed Rau was killed during the battle.

The killing of Rau, who was shot as he was delivering bread to a residence, has been characterized by officers as the "most cold blooded killing in Cleveland's history." He was shot down without a word of warning. Robbery was believed to have been the motive, although his murderers fled without taking any loot or searching the body.

McADOO IS POLE HORSE IN RACE, CHIEF ASSERTS

New York, Feb. 26.—William G. McAdoo is in the race for the Democratic presidential nomination to stay, oil scandal notwithstanding, his national campaign manager, David Ladd Rockwell, announced today.

Rockwell came here from Chicago for a conference with David Hunter

WHY FINANCE FAVORS INCREASED FARM EXPERIMENT FACILITIES

American Bankers Association Indorses Purnell Bill Because It Believes What Is Good for Farming Is Good for the Country—Obsolete Farm Methods Doomed.

By D. H. OTIS, Agricultural Director, American Bankers Association

If the agricultural colleges and experiment stations are to function effectively and give up-to-date, reliable information and aid in respect to farm problems, they must have sufficient funds to carry on adequate research and experimental work so as to discover practical ways to improve agriculture. The present Federal appropriation of only \$30,000 a year to each of the experiment stations is deplorably inadequate to meet the pressing needs that are constantly coming before them.

The Purnell bill, which has been before Congress and will again be urged during the present session, provides for an increase of \$15,000 in the national appropriation for each agricultural experiment station. It also provides for gradually increased appropriations until the total amount equals \$85,000

feeding methods, and to avoid waste. We are living in an age of specialization, which means that we must produce more per unit.

ALL OF THIS REQUIRES KNOWLEDGE AND EXPERIENCE. THE TAX OF IGNORANCE IS THE LARGEST TAX THAT WE PAY, AND UNFORTUNATELY WE GET NOTHING IN RETURN FOR WHAT WE PAY IN THIS WAY.

The Experiment Stations. The agricultural experiment stations have done a great work not only for the farmer but for the community and the country as a whole. They have developed improved methods of breeding and feeding and of selection. They have saved farmers of the country millions of dollars by discovering the best methods of applying fertilizers, by determining conditions under which new and valuable crops can be

What Farming Requires. Farming requires skill of no mean sort. A farmer is ever facing new conditions and must adjust his activities to cope with them. The problems of the soil, of crop production, livestock breeding and feeding, and business management of the farm call for as high an order of brain power as any industry. The young man of today need not leave the farm for a career. There is abundant opportunity for the exercise of his best faculties in helping to develop a basic industry that affects the welfare of every human being.

In order to farm properly and economically, the farmer must be equipped with a high degree of technical skill. Farming by guesswork belongs to the past. No longer can he gauge his activities by the position and shape of the moon. Success demands the application of the best knowledge and experience available. New problems arise daily. New solutions must be found. Discoveries are being made that affect practical farm methods tremendously. Insect pests and plant diseases are constantly putting in their appearance and must be combated by the most effective methods. Competition makes that imperative.

Old Ways Do Not Pay. Land prices have been soaring. Following the Civil War, immense areas of fertile land were available almost for the asking. But today the most efficient land is all taken up, and the expansion of our agricultural production must come from either increased yields per acre or from farming the less efficient land. The higher the price of land the greater the overhead. What was profitable on cheap lands may be very unprofitable on high-priced land. To meet these changing conditions requires new stores of knowledge and new methods of applying knowledge.

Today many old methods of farming are inadequate and unprofitable. Time was when it may have been cheaper to let a horse or cow die rather than to go to the expense of calling a veterinarian. Today we must discover new methods of treating disease and saving our cows. We must also discover ways and means to prevent disease, to improve our

Teamwork. successfully grown, by studying crop rotation and the utilization of by-products, and by developing mechanical devices that save labor and increase efficiency.

Much as the experiment stations have done, research work is still in its infancy. There are still great problems awaiting solution. We must delve deeper, we must push further into the unknown, we must devise systems of farming that are more profitable than the ones we are now using. The experiment stations must have increasing financial support to achieve these ends.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

REPORTS FINDINGS AGAINST VILLAGE

Columbus, Feb. 26.—Allegation of irregularities in the management of affairs at Shaker Heights, a suburb of Cleveland; a finding for recovery of \$30,000 against Cleveland in favor of the village, as a refund of assessments collected on annexed territory, and illegal payments totaling \$74,735.15 disbursed to contractors without advertising of bids, additional work, exchange of property, payment of insurance premiums and salaries without ordinance are contained in a report made public today by the state bureau of public accounting.

Farm Bureau Picnic At Millport School

An all day meeting of the Franklin Township Farm Bureau will be held in the Millport school next Saturday and an indoor basket picnic will be a feature during the noon hour.

Deputy County Auditor Elmer E. Walker has been asked to address the meeting on features connected with the forthcoming re-appraisal, and other speakers will be John M. Kerr, president of the County Farm Bureau, and County Agent Clarence E. Rowland.

Miller, eastern campaign manager. "Mr. McAdoo is the pole horse in this race," said Rockwell. "The others are crowding and trying to pocket him."

"They are attacking him with real ammunition, not with paper bullets. This is a real fight and faint heart never won fair lady."

"Mr. McAdoo is in the race to stay."

10 Thrift Commandments Of Young Millionaire.

Walter Head, Omaha, Nebraska's busiest man, who became a millionaire at 42, is president of the American Bankers' association and of the Omaha National bank, Nebraska's largest banking institution. He is vice president of the International Boy Scout movement and of the Father and Son movement, although he has no son.

Here are the ten commandments which he declares will lead to prosperity: Make a budget. Keep an intelligent record of all expenditures. Have a bank account. Carry life insurance. Make a will. Own your own home. Pay your bills promptly. Invest in government securities. Spend less than you earn. Share with others. "Thrift without benevolence is a doubtful blessing," he added.

OHIO BUILDING AND LOAN NOW 57 YEARS OLD

Columbus, Feb. 26.—Monday was the 57th anniversary of the founding of the first Building and Loan association in Ohio, which was organized at Delaware in 1867.

The Building and Loan movement, which had its beginning in Ohio more than a half century ago, was brought into the middle west from Philadelphia, where the first institution was formed in 1831, following plans brought to this country from England.

Following the organization of the first building and loan company at Delaware, similar companies were organized within a few months in Cleveland, Dayton, Cincinnati and Columbus. By the end of 1867 there were 31 such institutions operating in the state of Ohio.

Inasmuch as building and loan associations were not brought under state supervision until 1892, there is very little evidence of the growth of these companies during their earlier years, but as late as 1892 they had combined assets of only \$50,000,000. In 1900 there were 763 building and loan associations in Ohio, with total assets of \$105,000,000. During the next ten years the total assets of these institutions grew \$70,000,000.

Between 1910 and 1920, the institutions had a remarkable growth, having assets at the end of 1920 in excess of \$460,000,000. The greatest growth in the history of these institutions, however, has come about during the last three years, the estimated assets of Ohio building and loan associations Jan. 1, 1924, being \$700,000,000.

GIVES CATHOLICS VIEWS ON DIVORCE

Priest Condemns Divorce System As Menace To Public Good.

Columbus, Feb. 26.—Denial that the Catholic church theoretically forbids divorce was uttered last night by Rev. Father Conway in an address at St. Joseph's cathedral here.

He condemned the divorce system in force outside the Catholic church as "menace to public good," and declared persons "rush into ill-considered marriages because of the ease with which divorces are granted."

The church, Father Conway asserted, does not attempt to declare a marriage null and void, but declares it "no marriage at all." The state annuls the union. In the eyes of the Catholic church, two persons seemingly divorced were never married at all, being invalid from the beginning, Father Conway declared.

"Nothing but death can dissolve the marriage bond," he said.

SOCIETY

Book Club

For the 1924-1925 season the Book club program will be of a miscellaneous nature, similar to this season which have included a present day topic as well as history. It was announced after a meeting Monday afternoon at the Chamber of Commerce rooms. The new president, Mrs. Andrew Stewart, announced this program committee for next season: Mrs. E. E. Dyball, Mrs. T. A. McClain and Mrs. J. F. Frank.

Rev. M. J. Grable will give an illustrated lecture on "Japan" at a meeting March 19. To this session each member is privileged to bring a guest. The date of this lecture was changed from March 24 to March 16. Four interesting papers composed the program, which follows: "Authors and Their Earnings," Mrs. T. A. McClain; "The Power of the Press," Mrs. L. R. Chamberlain; "Irvin Cobb," Mrs. E. E. Stoner; "The Camera as a Reporter," Mrs. W. P. Holloway. Nineteen members were present.

Selby-Ford

A marriage license has been issued to Elmer E. Ford of East Palestine formerly of Waukegan, Pa., and Jennie Selby, employed in the pottery at East Palestine. The young couple are under age, and consent of parents of each were necessary. They came after a license, but did not have the consent as required by law, then they returned to East Palestine, secured signatures and it was back to Lisbon again for them before they secured their license late Monday night.

Honor Mrs. Ealy

In honor of Mrs. Amelia Ealy of Washington D. C., who spent the week end in Salem, Mrs. Charles Wilson entertained a group of women who were former club associates, at her home, McKinley ave., Saturday evening. A covered dish supper was enjoyed after which the time was spent in playing bridge.

Serenade Newlyweds

Mr. and Mrs. Ralph S. Coppock, whose marriage was an event of last week, were given a serenade Monday evening by a group of their Salem friends at their home, the merry-makers having a jolly time. Mrs. Coppock was Mrs. Judith Jones of this city.

Birthday Surprise

In honor of her birthday Mrs. Lee Vincent was given a complete surprise Monday evening at her home. An enjoyable social time with games furnished entertainment. Refreshments, which were brought by the guests, were served.

Monday Afternoon Club

As guests of Mrs. W. J. McConnell associates of the Monday Afternoon club met at her home, McKinley ave., Monday afternoon. They were interested in needlework while they visited.

Club Dance

The dance given by the Three Links Social club Monday evening at the I. O. O. F. hall was well attended. An orchestra dance will be given by the club March 3.

Patty at Christian Church

Women of Division 1 of the Christian church will hold a party at 2 p. m. Wednesday at the church. All women of this division are asked to attend.

Mr. and Mrs. William Cassler of Vancouver, British Columbia, are guests at the home of Mr. and Mrs. A. N. Taber, Lincoln ave.

A. N. Taber has resigned his position as assistant manager at the Springfield store. It was effective Saturday night.

William Buckholt has resigned his position at the Salem Hardware and has accepted one with the Alliance Hardware company.

Mr. and Mrs. Willard Blackburn, of Columbiana, called Sunday evening on Mr. and Mrs. Arthur Gamble, of Winona.

H. D. Kerr of the Franklin rd., who suffered a stroke of paralysis last week, is reported to be improving slowly.

Misses Nellie McCord and Mildred Faxon have resigned their positions with the Salona Supply company.

Mrs. Catherine Finney, who has been ill at her home on East Sixth st., is reported to be improving.

Leo Waxsmith and William Arks attended the basketball game at Mt. Union Monday evening.

J. Alan Stratton returned to Detroit Tuesday after visiting his parents at Winona.

Freeman Anderson, Maple st., is ill of erysipelas at the Salem City hospital.

Robert Finney is confined at the Central Clinic hospital for treatment.

COOLIDGE WARNS AGAINST BILLS BOOSTING TAXES

Washington, Feb. 26. — President Coolidge today issued a warning against enactment of numerous bills which have loaded congress during the past few months, all of them contemplating additional expenditures of federal funds.

The legislative situation has reached such a stage, the president believes, that should these bills become laws they would serve to nullify the budget, undermine the financial establishment and seriously hinder the proposed reduction in taxes.

TELEGRAMS SHOW OIL CASE MOVES

Washington, Feb. 26. — Deeper into the mazes of the great oil probe, members of the senate investigating committee developed today that there was a most constant stream of telegrams passing between Washington and P. M. Beach last December when the most sensational aspects of the probe were coming to light.

E. R. McLean, wealthy Washington publisher and Albert B. Felt, ex-retiree of the interior, were kept constantly advised of what was happening in Washington, the committee found upon examination of the mass of Western Union telegrams, received from the local office under protest.

RICE IS SECOND IN M'ADOO CAMP

Cleveland, Feb. 26. — James A. Rice, former mayor of Canton, Democratic candidate for attorney general in Ohio in the campaign of 1925, when Gov. John M. Pettison, who later died in office, defeated Myron T. Herrick, for a second term as governor of Ohio, was today designated by the McAdoo forces as their "second choice" candidate for president.

Delegates, running in the interest of McAdoo will designate Rice as their second choice, in accordance with the Ohio primary laws, Wilbur D. Wilkin, Ohio manager for Mr. McAdoo said.

SIX GOVERNMENT PROBES ORDERED

Washington, Feb. 26. — A sweeping investigation of the use of "political influence" in the prosecution of claims against the government was ordered this afternoon by the senate.

Six resolutions, each directing an investigation into a different department of the government, were passed in quick succession.

The departments named were the treasury, state, interior, navy, war and the U. S. shipping board.

McAdoo Enters Race In Ohio Primaries

Columbus, Feb. 26. — Former Secretary of Treasury William Gibbs McAdoo today filed with Secretary of State Brown here his declaration as a candidate for the Democratic presidential nomination. McAdoo's declaration was telegraphed from Los Angeles.

Too Much Dieting May Curve a Girl's Spine

Young girls who are dieting for fear of getting fat are in danger of contracting curvature of the spine or some other deformity. Dr. Helen S. Mitchell, chief dietitian in charge of the experimental laboratories of the Battle Creek sanitarium, emphasizes the importance of teaching the people correct food values. The question of young women restricting their diet was called to her attention.

"Girls younger than twenty-five need have little fear of becoming too fleshy," she said. "What they need most is to select for themselves a well-balanced diet, one that will give them the proper amount of protein and minerals and that will furnish the necessary vitamins. I have no doubt that the many cases of spinal curvature and of other deformities of the skeleton in young girls are due to insufficiency of mineral matter in the food. Young girls should drink plenty of milk and eat an abundance of vegetables. They can easily select foods that bulk largely but that have low caloric content, if they show a tendency to take on undesirable weight. But in any event, they need variety in diet." — Detroit News.

Electrical devices have been invented by an Englishman to resist at a central point temperature variations in stored grain to warn against spontaneous combustion.

NO. 333 Nemo SELF-REDUCING CORSET

Nemo Self-Reducing No. 33 is a real bargain. It has a low top and medium skirt. Made in durable pink or white coutil, sizes 24 to 36—and costs only \$3.00. If your dealer can't get it, send name, address and \$3. We'll send the correct Nemo Regent's Fashion Catalogue to 20 E. 16th St., New York (Dept. S.)

He Is John D.'s Companion On Golf Links.

General Adelbert Ames, famous veteran of the Civil war, now in his 89th year, has been John D. Rockefeller's constant companion on the golf links at Ormond, Fla., for the past 20 years. This is the first photograph he has ever permitted to be taken. General Ames, who lives in Ormond Beach, where Mr. Rockefeller has a winter home, has issued a challenge for a 36-hole match with any man of his age in the world.

COURT NEWS

Court Rulings. In common pleas court Monday afternoon, Judge J. C. Moore in the case of Owen Denver Todd against Frank Moore, rendered judgment by default for \$1,289.29 and for costs for plaintiff against the defendant. The action was filed Jan. 26 last.

Marshaling of claims has been prayed for in the petition filed in the case of Bertha Frederick against Joseph A. Meek et al. On Jan. 10, 1923 the plaintiff was given a judgment in this action for \$3,250.

The divorce action entered July 24, 1922 by Nora Hull against Arthur Hull has been dismissed on the motion of the plaintiff at her costs and without record following.

On motion of the plaintiff, the action of Frank C. Armstrong against W. A. Switzer for an injunction and damages, has been dismissed from the record on motion of the plaintiff. At the time the action was filed, Feb. 23, 1922, a temporary restraining order was allowed by the court.

The action of Gomer Lewis, sheriff, against Thomas Greenwood has been dismissed from the record without prejudice on motion of the defendants and at their costs.

LICENSE DOESN'T GIVE DOGS ANY FREEDOM IN OHIO

"Dogs are not allowed to run at large even if the owner has provided it with a license," declares Deputy Auditor Randall Hamilton of Lisbon, in charge of dog tax collections. "This law was passed at the last session of the legislature, and while few people know anything about it, the law is there just the same. There is another thing the people do not understand, and that is, that a receipt for the license is of more importance than the license tag. Dogs are bound at times to lose license tags, but when one has a receipt for the license, the holder is not required to pay for another tag."

To date 2,775 license tags have been issued, and from 25 to 50 a day on an average are being issued by Mr. Hamilton. Deputy Sheriff B. F. Rollins has been rather active in collecting license fees, the time limit for payment of dog licenses having expired.

Desk of Washington's Sister Is Home Again

After more than 140 years of wandering, the desk at which Betty Washington Lewis, sister of George Washington, sat and penned the courteous epistles of her day has come back to her old home, Kenmore, Fredericksburg, Va. For more than a year the women who have been struggling to save Kenmore as one of the historic shrines in America, have been sending out literature, describing the purpose of the Kenmore association, to the various D. A. R. chapters, says the Detroit News. One of these appeals reached the regent of the Old Trails chapter in Minneapolis, Minn., who communicated with the registrar of the Washington-Lewis chapter at Fredericksburg, telling of the old desk.

After leaving Kenmore the mahogany desk first found a home with a son of Colonel Lewis at Marazion, one of the best-known of the colonial places in Virginia. Next it went to Alexandria, then to Washington, D. C., from there passing to New York city. Finally it found a place among the possessions of Mrs. Maurice Ainsworth of Minneapolis, who kept it until she knew that it would be restored to its rightful surroundings.

SMALL BEGINNINGS SHOW BIG RESULTS

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisement in a modest way. These brought good returns, which enabled the business to be developed, and eventually large advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove to you.

NARROW ESCAPES AS PRESS BREAKS

Steam, Clay And Parts Of Press Hurled Over Lisbon Plant.

A number of men employed about a big press on the second floor of the Lisbon plant of the American Vitrol Products Co. narrowly escaped possible death late Monday afternoon when a ring in one of the presses cracked, allowing the press to literally fall apart, spreading steam, clay and parts of the press all over that part of the plant.

The breaking of the ring caused the press to collapse and fall to the floor. The steam pressure in the press at all times heavy and this volume escaping and no one being injured is considered very fortunate.

A second press on the same floor was immediately placed in operation the loss of time in production being short.

It will require several weeks, probably, before the press is repaired and ready for service again.

FRENCH PRESIDENT DEFENDS POLICIES

Ruhr Occupation Not For Conquest But Means To End, Says Millerand.

Paris, Feb. 26. — France's Ruhr and reparations policy was defended by President Millerand in a speech before the Paris Chamber of Commerce this afternoon.

"France claims only her just due," declared the president. "France has no thought of aggression, nor conquest. We considered occupation of the Ruhr merely a method to an end. We anxiously await the hour when negotiations are successfully completed fixing the simultaneous date of the payment of money due us and the evacuation of the Ruhr."

OBITUARY

Mrs. Margaret Van Fossan. The burial of Mrs. Margaret Tranquie Van Fossan, widow of the late Daniel J. Van Fossan, who died last Friday, was conducted Sunday at the Grove Hill cemetery, Hanoverton.

CHESTER, AUTHOR OF WALLINGFORD, DIES SUDDENLY

New York, Feb. 26. — George Randolph Chester, 54, noted author, died suddenly of heart disease today. He was creator of the fictional story of "Get Rich Quick Wallingford." He was a native of Cincinnati.

Chester apparently had been in good health. Last night he attended the theatre with his wife. His wife, Lillian Chester, who collaborated with him on his Wallingford stories, and two sons, survive. Chester left his Ohio home at an newspaperman and came here. He early ago, because of his ability as a was married in Davenport, Ia., in 1895. His wife divorced him in 1911. He then married Mrs. Lillian Dermaco named as correspondent in his first wife's divorce suit.

Widow Is Murdered By Policeman's Son

Madison, Ill., Feb. 26. — Mrs. Judy Bailey, 34, widow of William Bailey who was mysteriously slain here three months ago, was shot and instantly killed at 1 a. m. here today by George Street, 19-year-old son of former Captain of Police William Street. No cause is known for the shooting.

Young Street is in jail and two eye witnesses are being held.

INDIGESTION GONE! STOMACH IN ORDER

"Pape's Diapepsin" Corrects Sour, Gassy Stomachs in Few Moments

Instantly! Stomach corrected! You never feel the slightest distress from indigestion or a sour, acid gassy stomach, after you eat a tablet of "Pape's Diapepsin." The moment it reaches the stomach any sourness, flatulence, heartburn, gases, palpitation or pain disappears. Druggists guarantee each package to correct digestion at once. End your stomach trouble for few cents.

NEW WAY TO BANISH RHEUMATIC PAINS DISCOVERED BY ALESSANDRO VOLTA

Rids You of Rheumatic Pain Without Drugs or Medicines

Until recently, the real cause of rheumatism has evaded scientific inquiry. And, naturally, the old-fashioned methods of treatment with internal remedies were uncertain and sometimes dangerous.

Now it has been definitely established that rheumatic pains are caused in many cases by the absorption of poisons into the blood.

Alessandro Volta, the well-known physicist, for whom the electric volt was named, has produced an entirely new and revolutionary method of treatment for rheumatism. He discovered a scientific combination of certain ingredients that produces a fine powder which, when shaken into the shoes or stockings, is immediately absorbed into the blood. This is due, no doubt, to the fact that the soles of the feet contain 10 times as many pores to the surface (such as are found in other parts of the body).

He has called this powder Volta. Its use has given immediate relief, in many instances, from the terrible crippling, torturing pain even in stubborn, long-standing cases.

The use of Volta powder has demonstrated such astonishing results in Italy, that thousands of cases, many of which were considered hopeless, that the American distributors have authorized the local druggists to dispense Volta to rheumatic sufferers in their city with an unqualified guarantee to return the full purchase price of the first box in any case where the rheumatic pains are not wonderfully relieved.

All who suffer from rheumatic pains, no matter how long standing their case may be, should take immediate advantage of this liberal offer.

You can get a box of Volta, with an absolute guarantee of quick relief, from such good druggists as Leone Drug Co., Holzing Pharmacy, Baker & French, Bennett's drug store, Treut's drug store.

CARD OF THANKS

We wish to thank our many relatives and friends for the beautiful floral offerings and kind sympathy; also to the mechanical department of the American Steel & Wire Co., for the beautiful floral wreath; to those who furnished autos and also to the singers; to Rev. Upthegrove for his consoling words extended to us during the recent death of our beloved father, John Cyrus, Sr.

LARGER BOARD ADVOCATED

State Public Utilities Commission Overworked.

DOCKET JAMMED WITH CASES

Former Governor Cox Enters Race For the Democratic Presidential Nomination—Donahy Issues Appeal in Behalf of Germany's Starving Children—Higher Rates on Long Distance Phone Calls Sought.

Columbus, Feb. 25.—Members say the state public utilities commission is overworked. C. C. Marshall, chairman of the commission, stated at the bench recently that the delays in handling utilities questions were causing the commission into contempt throughout the state. Investigation of the books at the commission's headquarters shows the docket on disputed cases is more than filled up. Long drawn out rate cases, where experts give long-winded testimony on telephones and traction tariffs, will take up most of the year. In addition to the major cases, like the Toledo and Dayton telephone hearings, the commission has before it petitions for abandonment of service, requests for permission to increase rates, and what not. These have taken a great part of the commission's time since it was first started.

This year, according to members, the law has increased their work 50 per cent. The legislature made no provision for this in passing the law and the board of control has given fees that half the amount asked by the commission for extra help.

A larger commission, which can split and hear two cases at once, is being advocated by persons familiar with the tremendous and ever-increasing tasks of the three-member board. Some states have such a plan and it will probably be suggested to the next legislature.

District supervisors for administration of the new bus law are also a possibility. There are many bus lines or truck lines throughout the state which have not complied with the new law. J. E. Dugan, secretary of the commission, states in spite of all the present small personnel of the public division can do to check up.

Governor Donahy in an open letter to the citizens of Ohio urges aid for hungry children in Germany. He says:

"When the cry of hungry children is involved no people of any race will look to our country in vain. Coming, as it does now, from Germany, it should make an especial appeal to us. Citizens of German blood have contributed so much to the stability and greatness of Ohio that the excellence and worthiness of that race has been impressed upon us.

"The people of Germany are reaping the fruit of an unfortunate, imperial government, which they have overthrown. They are now in the period of adjustment which, we hope, will result in the working out of a free government, so essential to the prosperity and happiness of any nation. I am sure the people of Ohio will contribute gladly, according to their means, to ease the children of a sister, civilized nation."

Copy of the agreement submitted by Hamilton county officials for the leasing and purchase of Longview hospital has been returned by Director of Public Welfare J. E. Harper.

In a letter to Chester A. Durr, assistant prosecuting attorney of Hamilton county, Mr. Harper directs attention to the law which prevents him from entering into any contract binding the state for a sum not appropriated. Mr. Durr is requested to change the wording of the agreement, omitting the purchase clause, and providing for the state to lease the property at an annual rental of \$60,000 a year or \$5,000 a month. This amount has been appropriated and is made available for the next two fiscal years.

The state is anxious to get possession of the property so that it can begin at once to make necessary repairs on the abandoned Hamilton county infirmary, which will be used in connection with the Longview hospital, the director said. All money paid in rental is to apply on the purchase price, if later the legislature provides for its purchase.

Admission of former Governor James M. Cox that he had authorized the use of his name as a candidate on the petitions of Democratic candidates for delegates to the national party convention places Cox definitely in the race for the Democratic nomination for president.

Robert S. Hayes, former secretary and aide to Cox, some weeks ago obtained the blank petitions for delegates and these, signed in blank by Cox giving consent to use of his name as a candidate for president, have been sent out to various districts. Persons who have received these petitions, signed by Cox, are

said to have been instructed to hold them until the former governor files his formal declaration of candidacy. The name of former Governor James E. Campbell, Columbus, is given on the declarations as second choice for president. Campbell having consented to the use of his name also.

In a statement issued here Hayes, as spokesman for Cox, who is in Florida, said that a full complement of delegates in each district and at large will be placed in the field for Cox. Hayes predicted that Cox will receive the united support of the Ohio delegation in the convention.

Former Governor Campbell received the following letter from Mr. Cox: "I have your letter in which you request consent of the use of my name in the Democratic primaries in Ohio. You are well aware that I have had no inclination to enter into any contest for delegates anywhere. If, however, it is the belief of the Democracy of the state that the principles for which I stand can be promoted by your suggestion, then I most happily acquiesce."

Developments resulting from the receipt in Cleveland of blank declarations for delegates bearing the written consent of both Cox and Campbell, resulted in Mr. Cox's announcement of candidacy from Miami, Florida. Although it first was announced at state headquarters that the declarations had not been sent out from Columbus and that no such authority had been given, it was later admitted by Mr. Cox's friends that they were using secrecy as a guard in the distribution of written consents to "loyal Cox adherents" throughout the state.

The first intimation of Cox's entry in the race came when Thomas H. Frannon, secretary of the Cuyahoga county Democratic organization, received the blanks bearing the consent of Cox and Campbell. A letter of instruction signed by Miss Marie McCurry, secretary of the state headquarters, told how the filing should be carried out. Miss McCurry first denied sending out the declarations, and State Chairman W. W. Darbin, at Kenton, issued a similar denial, but later they admitted acting for Mr. Cox "as his friends."

Higher rates on long distance calls will be sought by the independent telephone companies, it developed at a convention here of the Ohio Independent Telephone Association. According to a resolution adopted by the association, investigation shown that "present toll rates are not adequate to meet the cost of toll service" and a more "equable charge" for service be fixed.

Directors of the association will take such action as may be necessary in behalf of independent telephone companies of the state to obtain such increases in toll rates as may be warranted, they said.

Copies of the resolution are to be forwarded to Governor A. V. Donahy and to the state public utilities commission which is hearing the request of the Bell Telephone Company to similar increases in toll rates. The move will be backed by 175 independent companies, the latter including many of the largest electrical concerns in Ohio, officials of the association said.

Seven hundred attended the convention. Present officers of the association were re-elected. They are: Frank A. Knappe, Bellevue, president; Conrad Kipp of Greenville, vice president; and Frank L. McKinney, Columbus, secretary. New members elected to the board of directors are: Harvey Allen, Portsmouth, and George Matheany, Lima.

Educators of national reputation are listed on the completed program for the fourth annual educational conference to be held April 25, on the university campus under the auspices of the college of education, Ohio State University. In addition, more than 100 leading Ohio school men will participate as speakers in the 26 sectional meetings scheduled for the second day of the conference.

"Standards in Education" will be the keynote of the conference. The first address of the conference will be given by Dr. R. B. Buckingham, director of the bureau of educational research. "The Importance of Standards." Appearing on the same program, Dr. W. W. Charters of the University of Pittsburgh will discuss "The Role of Ideals in Educational Measurements."

The second general gathering of the conference, slated for Friday evening, April 4, will be addressed by Dr. T. C. Mendenhall of Ravenna, emeritus professor of physics and chairman of the board of trustees, Ohio State University. Dr. Mendenhall's topic will be "Standards in Education."

Dr. William McAndrew, recently appointed superintendent of the Chicago schools, also will speak at the second general meeting. "Forked Screen Coal" is his topic.

T. E. Finnegan, formerly of the state department of education and at present head of the National Transportation Institute, will be the first speaker at the final general meeting to be held Saturday morning, April 5. E. C. Hartwell, superintendent of the schools of Buffalo, N. Y., and Dr. Ernest Horn of the University of Iowa, are other speakers scheduled for this final meeting.

Ohio school men who attend the 26 sectional or group meetings scheduled for Friday, April 4, will have an opportunity to hear number of leading educators of the United States.

Persons who want anything know that The News is the Want Medium in this vicinity. So read it.

STOCKS

BUSINESS S LIGHT

New York, Feb. 26.—The stock market opened slightly irregular today. Business was light and fluctuations unimportant.

U. S. Steel rose to 14 1/2 and Baldwin to 17 1/2. Sundecker rose 1/4 to 100 but Kelly Springfield lost 1/4 to 25 1/2 and U. S. Rubber 1/4 to 36.

Coppers were heavy. American Smelting yielding 1/4 to 38 1/2 and Inspiration 1/4 to 24 1/2. Anaconda, however, rose 1/4 to 37 1/2.

Oils were irregular. Caden reedling 1/4 to 35 1/2, Pan American B 1/4 to 45 1/2 and Maracaibo 1/4 to 10 1/2. Houston rose 1/4 to 7 1/2. Rails were steady.

Forenoon Trading Dull

Trading in the forenoon session on the stock exchange today was very dull, but firm, although in some issues fluctuations went beyond fractional limits.

The announcement of the Sundecker recapitalization plan came as a complete surprise, and was followed by heavy buying of the old stock which rose nearly two points to 101 1/2. Rails were somewhat irregular. Steels held steady. Oils were lower. Coppers continued to show heaviness.

NOTICE

I wish to thank all of my patrons for their liberal patronage during the time I was in business. I also wish to thank the city firemen and all others for their efforts in keeping the fire out of my store.

SLATTERY WINS
FROM STRIBLING

Buffalo, N. Y., Feb. 26.—Jimmy Slattery, Buffalo's leading middleweight, today holds the decision over Young Stribling as a result of their contest last night.

Slattery outboxed Stribling, the southerner's heavy attacks to the body counting for little against the Buffalo boy's left jabs and right crosses.

Pa and Ma Stribling were present. Just before the fight began Young Stribling jumped out of the ring and planted a kiss on his cheek. Slattery's victory is expected to lead to a match with McTigue, Greb or other stars.

SIKI ON RAMPAGE
THROWS HIMSELF
OUT OF WINDOW

Havana, Feb. 26.—The authorities today were investigating the action of Battling Siki, the Seneguese boxer, in throwing himself out of the second story window of his hotel here. He was uninjured.

Siki had been ill with a fever and cold for several days and had been confined to his room.

When Siki landed he quickly picked himself up and ran down the street shouting that he was Siki, "the great battler."

A crowd of young Cubans plucked him and he was taken to his room and given medical treatment.

Nehf Gets Workout

Sarabota, Fla., Feb. 26.—Arthur Nehf, star left hander of the New York Giants, took his first workout out. The new arrivals at the Giant camp were Al Stones, rookie pitcher, from Knoxville and Earl Webber, a recruit from Pittsfield.

Alexander 37 Today

Avalon, Catalina Island, Cal., Feb. 26.—Grover Cleveland Alexander celebrated his 37th birthday with a dinner to a few of his Cub team mates. The veteran Chicago pitcher is rounding into shape rapidly.

Grimes Accepts

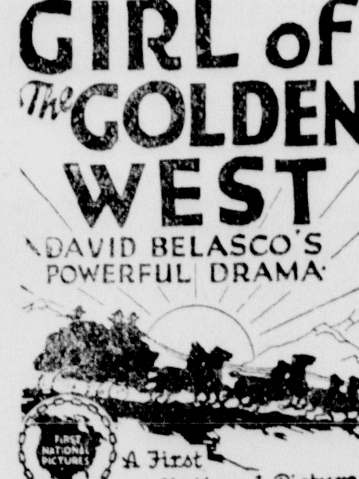

Clearwater, Fla., Feb. 26.—"Tommy" Griffiths, outfielder, and Harry Shriver, pitcher, were the new arrivals today at the Brooklyn camp. Burleigh Grimes, holdout pitcher, has accepted terms.

TH

BEAR WRITTEN CONSENT OF COX

Blank Declarations for Delegates Are Sent Out.

POLITICAL MYSTERY DISCLOSED

State Chairman Durbin Denies the Declarations Were Authorized by Him—Cox's Friends Believe He Will Be Candidate For Renomination—Crabbe Would Relieve Situation in Ohio Schools.

Columbus, Feb. 26.—Blank declarations of candidacy to be filled in by candidates for delegates to the Democratic national convention have been received at Cuyahoga county Democratic headquarters from the office of State Chairman W. W. Durbin in Columbus, bearing the written consent of former Governor James M. Cox to the use of his name as a candidate for president, and that of former Governor James E. Campbell as second choice for the presidential nomination. The blank declarations were received by Tom R. Brannon, treasurer of the Cuyahoga county Democratic committee, who authorized the announcement of their receipt. A letter of instructions purporting to come from Democratic state headquarters at Columbus, explained in detail how the nominating petitions were to be filled out and signed by the respective candidates for delegates and alternates. It was said that the petitions were not to be filed with the board of elections until Mr. Cox filed with the secretary of state the formal declaration of candidacy required by the Ohio law, notice of which will be given through the newspapers.

State Chairman Durbin, at Kenton, denied any knowledge of the blank declarations and asserted they were not authorized by him. Former Governor Cox is now in Florida, but his attorney here said there was no basis for the authorization. On the other hand, Miss Marie McCarry, secretary of the state committee and in charge of the local office, said that while she thought Mr. Cox would be a candidate, no authorization for the use of his name had been sent out from state headquarters.

Friends of former Governor Cox here say it is an open secret that Cox intends to be a candidate for renomination and that the Ohio delegation will be solidly for him. However, formal declaration has not been forthcoming from the 1929 standard bearer and the mystery of the written authority on the blank declarations received in Cleveland is baffling Mr. Cox's friends, who expected to hear the announcement of his candidacy come from his own lips.

Attorney General Crabbe will file a mandamus suit in state supreme court in an effort to straighten out the financial conditions of the school districts which are said to be in danger of having to close their schools because of lack of funds. The suit, which will be filed within a few days, will be directed against officers of a school district in Montgomery county and will be solely for the purpose of ascertaining whether relief may be had under the present school laws.

Among the questions to be decided by the suit are whether a weak school district may make application now for said aid, whether the county auditor may put on the extra 3 mills levy, when properly authorized by the state superintendent of public instruction, for collection in whole at the June tax settlement, and whether, in case such levy can be made, school authorities may borrow now in anticipation of its collection in June.

A favorable decision on these points will enable all school districts to obtain money to continue in operation during the remainder of the school year, it was said. Effort will be made to have the supreme court pass upon the questions as soon as possible.

CURED OF ICZ MA

I AM OFTEN LAUGHED AT for being such a strong advocate of San Cura Ointment. I had doctored four years before getting San Cura Ointment and Soap and was suffering intensely at the time I started to use them. In a few moments I was very much relieved. I continued using them and was completely cured of eczema. I cannot get along without either San Cura Soap or Ointment. They are good for burns or sores of any kind.—Mrs. Sara R. Beyer, Greensburg, Pa. San Cura Ointment relieves itching skin, old running and fever sores, cuts, burns, bruises, boils, piles, chilblains, catarrh and chapped skin and sunburn. 30c and 60c. San Cura Soap is fine for skin eruptions and for babies' tender skin. For sale at J. H. Leas' Drug Co., Fleming's drug store and Bolger & French's.

PUBLIC LIBRARY
open only except Sunday, from 10 a. m. to 8:30 p. m. 1934

closing schools because of lack of funds. The suit, a test case, is brought to compel the state auditor to order the Miami county auditor to certify a 3-mill tax levy for the Newton township centralized school district. The school is now closed because there are no funds available for current operation.

As a member of the house committee on election of president, vice president and representatives in congress, Congressman Cable of Lima joined in reporting out a proposed amendment to the constitution which would set Jan. 21 as the date on which the president would take the oath of office after his election, and Jan. 4 as the date for the assembling of each new congress.

The primary purpose of the proposed amendment is to end the practice under which defeated members of the senate and house continue to legislate for three months after their repudiation by the people and to permit the newly-elected congress to carry out the campaign pledges rather than wait 12 months as under the present system.

Representative Tydings of Maryland, a member of the committee, who will submit a minority report, declared that to require the president to take office in 60 days after his election would work a hardship. "We should put no more on our presidents than is necessary," he urged.

According to John H.H. head of a Cleveland construction company, the McLaughlin conception of a state house tower can be built within the fund at the disposal of the state building commission. Estimates submitted by the Cleveland firm placed the cost of the foundation of the proposed structure at \$600,000. The tower proper can be erected at a cost of \$3,400,000, they said. The general assembly set aside \$3,000,000 for the building, which, together with \$1,000,000 which the sale of the Wyandotte building and the Hartman hotel lease will net, will bring the total appropriation to \$4,000,000. Members of the advisory board of architects named by the building commission placed the estimated cost of the proposed tower at \$5,000,000.

The monthly report of H. H. Witter, director of public relations, shows that there were 88 fatal accidents during the month of January in Ohio industrial concerns, and 15,774 non-fatal accidents. This was a slight increase over the month of January, 1923, reflecting as it does increased activities in industrial lines. On Feb. 1 there were only 503 claims involving compensation which were pending before the industrial commission. Receipts to the workmen's compensation fund during January were \$747,342.97, as compared with \$692,102.90 during December, while the disbursements decreased from \$842,193.32 in December to \$881,657.40 in January. The net balance in the fund on Feb. 1 was \$43,664,429.89.

The division of building inspection reported that it completed inspection of 4,146 buildings and factories during January, while 1,592 boilers and 290 mines were also inspected by the department.

Placements made by the free employment bureau numbered 13,010 in January, as compared with 12,245 in December.

Hoke Donithen, Ohio manager for President Coolidge, announced that 15 of the 22 congressional districts in Ohio have chosen their slates of candidates for delegates to the Republican national convention, naming President Coolidge as first choice. The Republican committee, at a caucus here on Jan. 24 with county committee leaders, chose the big seven slate for delegates-at-large. The big seven slate includes Senator Frank D. Willis, Senator Simeon D. Pess, Attorney General Harry M. Daugherty, William Cooper Proctor, Cincinnati; Charles L. Knight of Akron; Mrs. John Gordon Pattelle of Columbus and Mrs. David Tod of Youngstown.

Although the Coolidge forces seem to be rather well lined up throughout the state, not a single candidate has weighed in with Secretary of State Thad H. Brown, nor has President Coolidge formally filed his declaration of candidacy.

WASHINGTONVILLE

Miss Erma Beale of Alliance spent the week-end with her parents.

John Candler is reported some better.

Mrs. Gladys Russell visited with friends here Sunday.

Melvin Bertolotto, who is employed at Canton spent Sunday here.

Struggling To Fight Mike M'Tigue

Young Stribling and Mike M'Tigue

Young Stribling, sensational Macon, Ga., boy lightweight, has been matched to meet Mike M'Tigue, world's champion light heavyweight, in a return 12-round bout in Newark, N. J., March 31. Unless Stribling develops a knockout punch he cannot win the title, since no decisions are allowed in New Jersey rings.

Team One Leads In Hot Bowling Fight

"Stop Team One," Cry Of Other Teams; Seventh Week Full Of Excitement; J. Reese Gets 233 For Third Place

Although only three individual scores were above 200 in the seventh week of the Masonic bowling tournament, the team rolling was exciting and in many cases very close.

In the race for the cup Team One continued its fine brand of bowling by taking two games from Team Five, while Team Four, for several weeks the leader, and then second place holder, had to allow Team Two to perch on the same spot this week as four lost three straight to Team Two, something very unusual, and Team Two naturally moved up. Team Three is in fourth place, taking two of three from Team Six.

Joe Reese pulled something that he had been waiting long for which was a score for high place. He rolled 233 for third place and is closely pressing Hoover and Wernet, one, two men, for the lead.

Jewell and Harhoff came up the ladder also with 209 and 206 scores respectively.

With but three more weeks to go the tournament is narrowing down to a fight between five teams and Team One. The five others are concentrating all their power to dislodge Team One from its high place and incidentally this may raise individual averages also.

STOY WILL MEET TREMAYNE MARCH 1

Youngstown, Feb. 26.—Carl Tremayne, Cleveland bantam, and Rosey Stoy, Lancaster, Pa., who met Harry Gordon and Louis De Arco in bouts here recently, have been matched to meet in the main bout of 12 round of the next boxing show to be staged at the Rayen-Wood auditorium on March 12, according to announcement by Promoter Al Zill.

Zill plans to use Jimmy Muehle, Niles, and K. O. Yutzy, Myersdale, Pa., in the eight-round semi-final. Yutzy is the boy who outpointed Ben Schneider here last week.

Willie Hoppe Wins Divorce From Wife

New York, Feb. 26.—Willie Hoppe, balking billiard champion, won a divorce from his wife, Mrs. Alice Beatrice Hoppe, sister of George Walsh, the motion picture actor. The jury found Mrs. Hoppe guilty of one of three counts of indiscretion.

Youngstown—Loris McArthur, 37, truck driver, is facing an imprisonment of from 1 to 20 years following his conviction on a charge of manslaughter, filed after he had run down and killed Susan and Lillian Hollingbery, Struthers, while they were waiting for a street car on November 7 last.

STATE BOWLING TOURNAMENT CLOSING

Cleveland, Feb. 26.—Pete Dabbert of Canton with a total of 1318 pins held the laurels in the all events of the Ohio State bowling tournament which closed here late yesterday only to have the cup of victory dashed from his lips by Roy Grubel of Cleveland with a total of 1293 pins as the curtain was about to be run down on the event.

W. Minor and Doc Dancer of Dayton were able to upset the standings in the doubles their 1304 being good enough for second place and a cash prize of \$200.

Brightman and Peterson, Columbus, won the doubles with 1332.

REMODEL OLD PEN FOR USE, WELFARE DIRECTOR URGES

Suggests Other Changes In State Prisons As New One Is Built.

Columbus, Feb. 26.—Reconstruction of cell blocks and portions of the present penitentiary and continued use of the big state prison here after the new prison is built at London, was advocated today by State Welfare Director Harper.

The old prison, he said, should be maintained to house prisoners who cannot be trusted—prisoners irredeemable and beyond reformation, and the newer prison for the less hardened convicts who receive industrial and vocational training.

Lack of appropriations has not halted work on London prison quarters, Director Harper declared. Materials, lying out in the open for three years and nearing a stage of waste, have been salvaged and are being used in construction of a huge administration building for which they were originally intended.

Only one salaried man is employed, the rest are prisoners. "When the structure is completed this spring, it will stand a monument to prison labor," Harper stated.

A cannery, flour mill and other industrial buildings will soon be built with prison-made brick and by prison labor, Director Harper predicted. The state brick plant, he said, has 18 kilns which turn out 70,000 brick per day. A new engine, two new boilers and new drying and crushing equipment will be installed there soon.

Production of 10,462 tons of crushed stone and agricultural lime during the last year was realized from prison labor at the state stone quarries, near Columbus. Extensive improvements at this plant are planned also, according to Director Harper.

A new furniture factory at the state reformatory, Mansfield, was advocated also to supply county, city and state institutions with furniture, chiefly desks, cabinets and office equipment. Another should be instituted at the penitentiary to work special lines, Harper said.

Suitable industries at the women's reformatory, Marysville, were suggested by Harper.

Laws passed with a view to decreasing crime have fallen in effect, he

said, citing prison records. They show greater numbers of prisoners received for like offenses than before stiffer penalties were provided for them, he said. "The minimum sentence law giving judges power to fix the least number of years a prisoner may serve has not slowed up crime, Harper asserted. Prison populations are larger and gain daily.

Tells His Experience

LEONARD P. EUMAN

New Lexington, Ohio—"I have used Dr. Pierce's Golden Medical Discovery for a long time and find it is a very good medicine for run-down conditions and to throw off poisons from the system. For several years I have been troubled with a nervous trouble and have suffered a great deal with indigestion, and I find that the 'Golden Medical Discovery' is a splendid medicine for these ailments. I recommend it to everyone suffering from 'nerves' or stomach distress, or to anyone who needs to have the blood built up."—Leonard P. Euman, 214 High St.

Health is your most valuable asset. Obtain Dr. Pierce's Golden Medical Discovery now, in liquid or tablets, from your neighborhood druggist, or send the Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial pkg. Dr. Pierce will give you medical advice free, too.

THINGS THAT NEVER HAPPEN

MAN'S HOME HIS CASTLE, RULING OF HIGH COURT

Washington, Feb. 26.—The United States supreme court today upheld the ancient principle that "a man's home is his castle" by restoring to Fred P. Violine of Montana, a small ranch which prohibition agents had seized and offered for sale because of charges that Violine was operating a still and making liquor.

The lower courts had upheld the seizure. Violine denied the charges and had claimed invasion of his constitutional rights by the dry officers.

DOHENY DESTROYS SOME AMBITIONS

HIS REVELATIONS WRECK THE HOPES OF ONE CANDIDATE AND MAY HURT OTHERS.

By EDWARD B. CLARK

Washington.—Washington politicians of neither party are showing evidences of overweening affection for Edward L. Doheny, who has been one of the most picturesquely interesting witnesses to be called before the senate committee investigating the oil lease scandal, for scandal is the word now generally employed in connection with the case.

As the politicians view it, Mr. Doheny is a champion manipulator of the guillotine. He has been at work decapitating the captains. Irrespective of party feelings, Washington today seems to think that one great Democratic chieftain has been eliminated as a presidential possibility by the fact that he was employed as a lawyer for the oil company which, it is charged, was trying to make too rich a strike in the public domain. Of course it is William G. McAdoo who is counted by a good many men here as being out of the Democratic race for the nomination. Whether this is true or not remains to be seen.

Washington politicians speak of Mr. McAdoo today as definitely out of consideration, and with him are one or two Democrats who, it must be said, were only remotely possible ultimate nomination winners. No Democrat and no Republican of the so-called conservative school thinks that Mr. McAdoo's former connection, as attorney, with the Doheny interests ought to disqualify him from the proper pressing of his ambition, but they say the people will look at it differently and that therefore it is a case of down and out for the hitherto most conspicuous candidate for the Democratic nomination.

Public Opinion Has Changed.

Things work curiously in politics. Fifteen years ago it is probable that most of the people would have applauded any man who entered into the service of an independent oil company in any proper capacity. All that one had to do in a somewhat elder day in Washington to rouse suspicion and awaken words of scorn would be to mention the Standard Oil company. Anything which was done in the way of attack on the so-called trust in behalf of independents fighting against it in the field would have been commended as a patriotic duty. Today things have changed.

It seems many people feel that independents in the oil fields can have as much of the mark of the devil of capitalism as a trust can have. It is a case of "big money," whether it is made, handled or spent by an independent company or by one which wears the gyves and shackles of Combination in Restraint of Trade.

One great Democratic newspaper already has eliminated Mr. McAdoo from the field of presidential nomination possibilities. This newspaper said editorially from the first that it would be dangerous for Democrats in congress to try to make political capital of the Fall incident. It seems to have spoken truly.

Democrats' Plans Are Misy.

What are the Democrats going to do with Mr. McAdoo out of it? A good many of them were trying to put the former treasury chieftain out of it at a time when they did not have such powerful ousting implements as they have today. William G. McAdoo was by far the most likely choice of the Democratic convention for the presidential nomination. It was believed he would have a majority of the delegates and would be likely after a few ballots to secure the required two-thirds majority.

It is probable that the Democratic leaders will move a little slowly for a while in their endeavor to fix upon someone who is big enough for the presidential job and yet who can stand unblinking in the light of publicity. No one knows yet who Doheny, the king-killer, is likely to bring next to the block.

Republicans here are somewhat jubilant, possibly more so than the occasion justifies, but they say they have found justification for their first pronouncement that guilt is personal and not partisan. It matters nothing that they would have made it partisan if it had been a Democrat working under a Republican administration who first had been accused of doing the thing which ought to have been left undone.

So it seems to be that some gentlemen with ambitions are to be sacrificed not because they had anything to do with oil leases which ought not to have been granted, but simply because they accepted retainers and pay from men who, developments seemingly have shown, thought that any means of money-making were justifiable even if they involved the tempting of men whose clients were supposed to be the people and no one else.

American Haste

"Why are you Americans always so nervous and in a hurry?" inquired the visitor from abroad.

"You'd be in a hurry too," answered Mr. Chuggins, "if you had to transact a day's business and were only allowed to park forty-five minutes."

Locusts Stop Trains

Locusts are appearing in such numbers in parts of Spain that they stop trains, and government aid is being enlisted against them.

COLUMBIANA

The K. of P. lodge held a very interesting anniversary service at their hall Thursday evening. Orchestra music and singing with good speeches and fine refreshments made up the program. Beside the large number of members of the local lodge visiting knights and their ladies were present from surrounding lodges.

Teachers Meeting

Teachers of Columbiana schools are planning to attend the annual mid year teachers meeting at Lisbon, March 8. The principal addresses will be made by Charles W. Cookson, superintendent of Franklin county schools and T. Howard Winters of the state department of education.

Class to Present Play

The ladies of the L. L. class of the Presbyterian church will give their play, "Sophronias' Wedding Day," at the school auditorium Friday evening at 7:30. The cast of characters is made up of many talented ladies and the play promises to be a good one.

Will Edit School Paper

The following persons have been appointed by the High school as the editing staff to publish the "Columbian" this year:

Editor-in-chief, Mary Lodge; assistant, Grace Fry; business manager, Burton Brown; athletic manager, Robert Krumba; photo manager, Olive Sponseller; joke editor, Mable Brungard; assistant joke editor, Marion Hartman; cartoonist, Jay Vollmogle; assistant, Charles Fisher; class representatives, senior class, Grace Fry; junior class, Mildred Hock; freshman class, Lee Bookwalter; sophomore class, Lois Miller; faculty adviser, Gladys Rimer.

Ladies! • This Beats Cosmetics

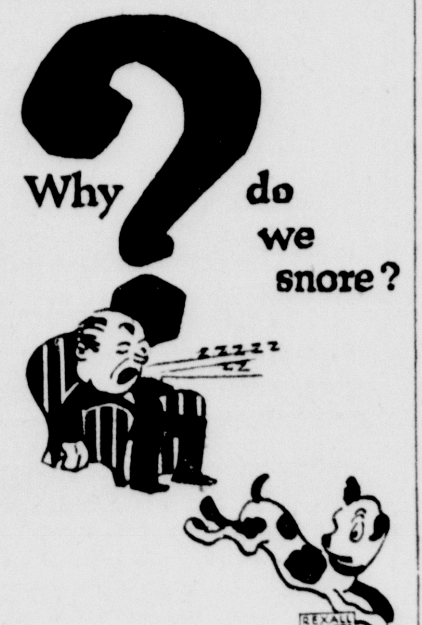

GOOD health cannot be camouflaged by powder and rouge. The eyes will tell. That sparkle and clearness that denote good health will not be there if you are constipated. Mrs. Clara Proctor of Pottersville, Mich., had been told by doctors she had this and that disease, and one advised an operation, but she knew she had been constipated all her life so first tried Dr. Caldwell's Syrup Pepsin. She avoided the operation and now feels better than she ever did. Likewise Mrs. William Appleton of Edlington, Pa., who was badly constipated and now looks her best again after using Syrup Pepsin.

On Sale for 30 Years

Intelligent women are realizing that health and mere outward complexion are two different things, and more and more are taking Dr. Caldwell's Syrup Pepsin. Over 10 million bottles were bought in drug stores last year, the largest selling liquid laxative in the world! Go to your druggist and buy a bottle. The cost is less than a cent a dose. You will see how much more effective a spoonful of Syrup

What It Costs to Run Our Business

Why the Dollars Fly

For every 20c received in gross revenue we must reinvest \$1 in upkeep, new equipment, extension of service, etc. You pay the 20c in exchange for service. We invest the \$1 to keep that service going and extend its usefulness.

Who makes any profit? you ask. Where does all this new money come from?

The company borrows from investors. Private capital pours in—sometimes in large amounts; sometimes through many small sums combined, the monthly savings of local stock holders.

Every piece of new equipment, every extension of service must be paid for through additional financing. They cannot come from current earnings. In this business there is a continual demand for dollars.
